There have been some technical difficulties with the reverse 911 and the Communications Office is working to fix it. Five Alachua County Health Department personnel spent 2.5 hours this morning in the Stephen Foster neighborhood delivering the attached notices. The Health Department has done interviews with several media outlets including TV 20 and AM850 and the Gainesville Sun this week. I have also spoken with a couple of citizens from the neighborhood and informed them of the details. If you are aware of anyone in the Stephen Foster neighborhood that is not receiving this information feel free to have them contact me at 334-7930. Thanks

Anthony Dennis
Environmental Health Director
Alachua County Health Department
Florida Department of Health

Subject: Koppers Meeting June 11

Hello Sharon,

Following your call late yesterday evening about your concern that the reverse 911 phone call to the Stephen Foster Neighborhood has not happened and it is now 2 days before the meeting, I was able to speak with Gina Hawkins on the staff of the City. She is out of town at a meeting and will not return in time to attend on Thursday. She advises contacting City Manager Russ Blackburn to ask if the City Communications Director Mr. Wood will implement the reverse 911 notification.

Hopefully this has been implemented today and all neighbors are aware of the meeting. Good day.
