Hi Erik & Ralph:

No Demolition permits are to be issued for the Cabot - Koppers Superfund site until the Local Review team ( Alachua County Environmental Protection Department, Health Department, GRU , City's Consultant & Gainesville Public Works Department ) has reviewed and approved the Demolition Plan. The Demolition Plan must also have EPA and FDEP prior approval too.

As of today, we don't have a Demolition plan for the site. It is my understanding that FDEP is reviewing a Demolition plan for the site.

If You have any questions, please don't hesitate to call me.
