Dear Ms. Sweigard,

Thank you for Mr. Murry's letter. In previous discussions with Site stakeholders, EPA had agreed to schedule a meeting with Alachua County EPD, GRU, and City of Gainesville representatives. Feedback that I have received to date indicated that there was a preference for a meeting after EPA released a proposed plan.

Dr. Cline and I have had a discussion related to some of these issues, and we believe that these issues are worthy of discussion although we may not share the same view on a number of the issues raised. I had previously requested from Dr. Cline proposed language for inclusion into a proposed plan that would address some issues that she raised in Mr. Murry's letter. As the time of EPA's release of the proposed plan is quickly approaching, I reiterate my previous request for sample language that could be installed in a proposed plan to address issues here.

I support a meeting to discuss these issues. However, such a meeting may not be able to be scheduled prior to release of EPA's proposed plan.

Thank you,
Scott Miller
