Mr. Fred Murry

Assistant City Manager

City of Gainesville

Dear Mr. Murry:

Thank you for your request for the status of the offsite soil remedial cleanup in the Stephen Foster Neighborhood.

EPA has determined that the offsite soil remediation is complete, and that the soils in the residential yards and the right-of-ways abutting the residential yards are safe for any use without the need for protective equipment or restriction in use. Please contact me if you have additional questions/concerns related to the Cabot Carbon/Koppers Superfund Site.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Miller".

Scott Miller

Remedial Project Manager

U.S. Environmental Protection Agency
