RE: Request for Technical Assistance Grant for citizens in Gainesville with regard to
Cabot/Koppers Superfund Site Gainesville, Florida

Dear Mr. Miller:

This letter is voice our support for EPA to issue a Technical Assistance Grant (TAG) in Gainesville, Florida and to urge you to move forward with distributing this grant as expeditiously as possible. As you know the cleanup of this site is a very high priority for our community. Issuance of the TAG grant will help to inform our citizens and help them to participate as effectively as possible in the process. Note that GRU cannot endorse any particular group.

Thank you for your on-going effort in addressing the Cabot/Koppers Superfund site. If you need additional information, please contact me at 352-393-1218.

Sincerely,

Rick Hutton, P.E.
Supervising Utility Engineer
