Cabot Portion of Cabot/Koppers Superfund Site, Gainesville, FL**

Data Inventory

None

Data Reporting

Table 1 shows the volume of groundwater collected and treated during the second quarter.

Table 1 Groundwater Collected and Discharged to GRU

Time Period	Volume of Groundwater (million gallons)
April 2019	2.10
May 2019	2.06
June 2019	
Second Quarter	4.16
Total	

Note: Daily and monthly discharge volumes are reported to GRU quarterly.

Upcoming Action Items

Procurement of construction services for remedial action implementation is expected to be completed in early July. An updated schedule will be provided in July. We still anticipate a late July mobilization.

In addition, perimeter air monitoring will be performed to establish background values prior to the RA contractor mobilizing to the site. The work is scheduled for the week of July 15th.
