Wayne,

Please find attached EPA's conditional approval letter for the work plan for confirmation sediment sampling in Springstead and Hogtown Creeks; let me know if you have any questions.

Rusty

Subject: RE: Cabot: Confirmation Sediment Sampling Work Plan

All—

As discussed on the Stakeholder call today, we would like to try to do the sediment sampling in December while we are at the Site to perform groundwater sampling. If you could provide comments on this Work Plan by October 30th, November 6th at the latest, we can evaluate if this schedule is doable. We will need to work through any comments (if any), resubmit the Work Plan, get final EPA approval and complete procurement to actually make this schedule happen.

Regards,

Wayne
