---

Hi Scott:

Attached please find the revised work plan for the supplemental Hawthorn Group Investigation work at the Cabot portion of the Site. The document was revised to address comments received from GRU, ACEPD, and DEP. To accommodate vendor availability and to ease accessing the storm water pond, current plans are to commence the geophysics survey in early December and the source investigation and plume delineation work in early January. We will keep everyone posted as the dates are finalized.

Please let us know if you have any questions.

Regards

**Manu Sharma | Gradient**

**Subject:** Hawthorn Group Investigation Work Plan

Hi Scott:

Attached please find the detailed work plan for conducting the supplemental Hawthorn Group Investigation work at the Cabot portion of the Site. This work plan provides additional details regarding the procedures to be used to conduct the activities and builds on the conceptual level that was previously shared with this group. Comments received on the conceptual work plan have been addressed and incorporated into this document. Please let us know if you have any comments.

Regards,

Manu
