Hi Scott,

We are amending the Block E RAWP (March 7) to include newly owner-approved plans for E09 and F01. We are also revising E16 per the owner's wishes (additional trees removed).

Please see the attached file. Lisa will send this out to the group that received the RAWP via our file-transfer system and will post it to SharePoint.

We are still working on getting an agreement from E11. We hope to have another addendum for that property soon.

Thank you,
Greg
