John,

Attached is a letter from EPA to Cabot related to follow-up on the Five-Year Review recommendations for the Cabot side of the Site. We had a follow-up call with them about 2 weeks after the date of the letter and they agreed to submit a workplan to address our concerns. When the workplan comes in, I'll send it your way. Thank you for your feedback this morning! I'll be sending an e-mail out later today extending the comment period for the FS product until November 27 when we'll have a call to receive verbal comments as well on that day during a re-set of our November 20 conference call.

Scott Miller

Remedial Project Manager

Waste Management Division

U.S. EPA Region 4
