Good morning, Gentlemen,  
Per the call yesterday, here is the information that John was referring to related to the well survey and possible abandonment during off-site remediation activities.

Thank you,  
Scott Miller

**Subject:** ACEPD Letter to USEPA Requesting Sampling and Inventory of Offsite Private Wells in Vicinity of Koppers Site 2-28-2013

Scott,

Attached find ACEPD letter which contains the updated inventory of offsite private wells near the Cabot Koppers Superfund Site and our request for sampling and abandonment of the wells closest to the site. ACEPD worked with the Alachua County Health Department (ACHD) to compile the multiple list together of this data. We thank them for their cooperation. Note this is not a 'comprehensive inventory' but is based on the best information we have available at this time. This inventory effort is a follow-up to the conversation ACEPD had with the ACHD, Beazer and USEPA concerning this issue in August 2012. Please let me or Robin Hallbourg know if you have any questions about this letter.

Thanks

John
