Subject: Koppers Gainesville Collaborative Feasibility Study Meeting Minutes-Request for Comments
Date: Tuesday, October 30, 2007 9:16:39 AM
Attachments: [BV meetings minutes rev 1.pdf](#)

Greetings, All,

Attached to this e-mail are meeting minutes of the first collaborative Feasibility Study (FS) meeting between Beazer and EPA. The primary goal of this meeting was to identify potentially applicable technologies for remediating all operable units at the Koppers-Gainesville Site. Please provide any comments that you have on these technologies. Please provide these comments in writing by COB Tuesday, November 13, 2007. (See attached file: BV meetings minutes_rev 1.pdf)

We will address all written comments received in writing at the second meeting between Beazer and EPA in the near future.

Thank you in advance for your input.

Scott Miller
