Subject: GRU - NW 26th Avenue Soil Data
Date: Friday, November 09, 2007 4:16:08 PM
Attachments: [FullLaboratoryReport.pdf](#)

John,

I understood that you had received this data some time ago. I apologize if that is not the case. These consist of VOC, SVOC, and Arsenic data for soil and groundwater samples collected from direct push soil borings. The groundwater samples sent for arsenic analysis were filtered before preservation.

We discussed most of that briefly a minute ago but feel free to call me if we need to discuss the data or sample locations in more detail. The sample locations are referenced on Figure A that is attached to the email I sent you a few minutes ago.

John R. Herbert, P.G.
